

CAMPUS EXPLORATION 2.0

A service offered by the Central Student Advisory Service

Your first days at the university will be quite exciting and thrilling: the large campus area, the many new impressions, buildings, so many new faces and of course the new “university vocabulary”, which you need to get familiar with from now on! This is where we support you with our virtual campus exploration tour.

The Campus Exploration 2.0 at a glance:

All important information and insider tips condensed into one tour:

- To help you find your way around quickly, the tour will provide you with a lot of helpful and important information about TU Dortmund University in general and great insider tips on studying and campus life. We will, for example, introduce you to the most important buildings and institutions as well as our large advisory network, which you can turn to and contact at any time.

Have fun exploring through an interactive challenge:

- For this purpose, we have included various features in the tour, such as quiz questions with which you can test your knowledge of TU Dortmund University and collect points for your overall score.

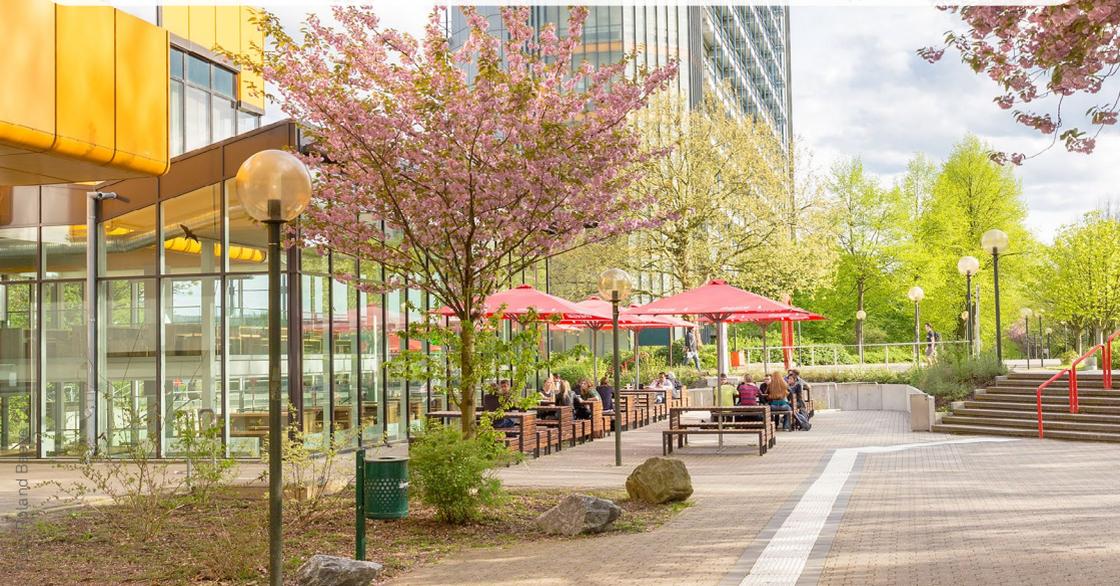

Individuality and your own speed:

- Decide whether you want to use according links to deal more intensively with a topic, counseling services or building – or use the marked keywords for orientation and to increase your speed: you can take a break at any time and the bound can be saved for this purpose.

Important note: Once played, sections cannot be repeated: Therefore, it is worthwhile to make notes or screenshots for specific points you are individually interested in.

Flexibility:

- With our virtual campus tour you can experience and get to know the “main campus” (North campus) of TU Dortmund University, both on-site and from the comfort of your own home.

And this is how it works:

Requirements:

Download the free app “Actionbound” (for Android and iOS) on your smartphone or tablet. Use the app to scan the QR code of the “Campus Exploration 2.0” of TU Dortmund University. Just enter your name – and now you are ready to start!

Use of the virtual tour in offline mode:

Instructions for use before the start:

- Turn on sound to listen to videos/audios,
- Make notes or screenshots on important topics, (once played, sections cannot be repeated!)
- Individualized route: Decide for yourself in which order you prefer to play the listed sections – simply indicate your choice by tapping on it,
- Use the orientation bar in the top right corner of the app (map, points, progress etc.),
- Remember the possibility to pause and save your progress (as long as the tour is not finished by uploading the score).

End of the tour:

- The tour is only considered finished when you upload your achieved final score and receive your ranking after completing the route across the campus.
- We are very happy about your feedback, as we would like to optimize future editions of this service offer with your help!

Have fun exploring the TU Dortmund University Campus and have a good start of your studies!
